DESIGNER NOTES

· Entrelac is a series of knitted rectangles and half rectangles (called triangles from now on) joined by both picking up stitches and by knitting stitches together (via a psso or p2tog at the end of some rows) with ones from the previous tier.

· Short rows are used in this pattern to make the rectangles and triangles. A "turn" indicates that the knitter should turn their work (as if they had just completed a row), to work the next "partial row".

· When working on this garment, try not to take a break mid-tier

· The P&K increase is worked as foll: Purl into the front of the st, then, insert ndi through the back of the st, knitting the st through the back loop

DESIGNER NOTES

· Antique Felted Bag: Hold 1 strand (A) and 1 strand (C) for first 2 and last 3 rows.

· Mozambique Bag: Hold 3 strands (C) for first 2 and last 3 rows

· Bottom of all bags are worked in Garter st first, and then entrelac rectangles are built onto bottom and worked seamlessly in the round. C is used at beg and end of each entrelac rectangle to define and embellish. C can be carried along side edge of each unit to use for next shape. When working last three rows with C, work all strands of yarn for first of these three rows (to get yarn into proper position for next unit), then drop any A & B strands and work last two rows as directed.

· Garter stitch can be used throughout for a flatter surface. When felted, stockinette will shrink more in height than in width, bringing the blocks closely to square, so for a felted bag work stockinette.

· Sizing can be altered both by choice of varn and number of stitches per rectangle. Entrelac blocks can be worked on any number of stitches. The cast on for bag bottom is three times each unit, and the number of rows worked is twice the number of rows as a unit size. For Example Tote Bag rectangles are 12 sts therefore 12 x 3 = 36 st cast on and 2 x 12 = 24 rows.

Handles Make 4-st I-cord handles with A & B as foll: CO 4 sts. K4, then sl 4 sts back to LH ndl and pulling varn tightly across back, K4. Ren for desired length (about 48" if felting)

Felting Instructions

Turn bag inside out and thread and tie non-felting varn through evelets to preserve the openings. Place in zippered pillow case and felt in machine on hot wash/cold rinse with laundry detergent added. Beneat as many times as needed to achieve desired stiffness of felt. Pack with paper to shape and allow to air dry. Cut ties off. Trim fuzz off surface with a razor or sharp shears.

Handles

Thread one handle through all four evelets at one side and back through other side in same direction (see Diagram 3). Tie ends together tightly. Thread other handle through same evelets in the opposite direction tie ends tightlv. Pull tight.

PROJECT 38C: MOZAMBIQUE HANDBAG

Worked on 8-st units in garter st. Work all units in A: first 2 rows and last 2 rows are worked with 3 strands C only (remember to work A & C together for first row of last 3 rows to get A into correct position for next unit). Single vo evelets are worked for handles in Row 5. 4 stitch I-cord handles are worked in A for 40" and threaded through in same manner as Tote
